

# Q10™

WIRELESS<sup>ACS</sup>

## PAIR A REPLACEMENT OR SECOND REMOTE

To use a replacement or second remote with your existing Q10™ air control system, follow these simple steps:

1. Unplug the Q10™ air control system from the power outlet.
2. Plug the Q10™ air control system back into the power outlet.
3. Within 1 minute, press the **L** or **R** button (on a dual remote) or the **+** or **-** button (on a single remote).
